

2020 Cover Crop Cost Share Application

Applicant Name: _____

Mailing Address: _____

Phone: _____ **Email:** _____

Purpose:

To encourage the utilization of cover crops in cropping systems. The proper cover crop can economically control erosion, reduce runoff, increase organic matter, break up crop disease patterns, cycle deep nutrients and be used for haying and/or grazing. Seeding a variety of different cover crops will help producers find the proper fit with their individual systems.

****This agreement will consist of _____ acres; 40 acres maximum; \$30/acre maximum.
Please attach map for location**

Applicant's Cover Crop Goal(s) (erosion reduction, increase soil organic matter, weed suppression, etc.):

1. _____
2. _____
3. _____

Applicant's Proposed Species (minimum of 3):

Make sure to complete and attach the following to be considered:

- Map of proposed cover crop seeding location
- Form W-9 (Request for Taxpayer Identification Number and Certification)

Producer will:

- Submit seed mix receipt after purchase
- Prepare a weed-free seed bed
- Note all important observations
- Agree to tours and news articles

****Payment will not be made without Big Horn Conservation District board approval and a copy of planned seed mix receipt. ****
